

# AMERICANS IN RAID ON EUROPE

## Meandering Along the Main Stem

**By WASH FAYETTE**

Mrs. Della Mark, of the Mark Road, is the proud possessor of letters from relatives in three wars—the Civil War, World War No. 1 and the present World War.

The letters written during the Civil War are from her father, David Armstrong, who enlisted at the age of 17 and saw service under Gen. U. S. Grant in the Mississippi valley, including the siege of Vicksburg. He was in the cavalry and was born and reared at Chillicothe, and he and his wife went to Missouri after the war, where Mrs. Mark was born.

The old letters, yellow with age and bearing the stamps of Civil War days, were written from several points. Mrs. Mark also has a faded picture of her father, taken soon after he enlisted, and some buttons from his uniform—all priceless to her.

Another package of letters is from her son, Russell Mark, written during the first World War. Russell was stationed at six different camps while he was in the armed forces.

The third package is made up of letters from Mrs. Mark's two grandsons, Private Charles L. Hard, in the Air Corps at Buckley Field, Colo and Private Russell Vince, also in the Air Corps and stationed at Keesler Field, Miss. Both of the grandsons were born in Fayette County.

The stories told by the letters are interesting and reflect the changes in war methods from Civil War days to the days of the first World War and the second World War.

If you want to see how much pleasure Washington C. H. residents are missing by being deprived of the pleasure of spending the evenings on their verandas, or lawns—in comfort during the warm weather—by reason of the mosquito pest—just take a little drive about the city most any night from darkness until near midnight.

Invariably you will find that people are inside their homes, forced there by the hordes of mosquitoes that have been infesting the city for weeks, and which promise to continue until frost.

In a recent drive about the streets after nightfall I saw only a few persons on their lawns and verandas, and these were battling the mosquitoes part of the time and scratching bitten spots the remainder of the time.

Perhaps this is a case of "born 30 years too soon!"

Sheriff W. H. Icephower has long since found that the sheriff's job is no bed of roses, or if so there are plenty of thorns among the roses.

Take Saturday night for instance—

He crawled into bed rather late and at midnight the telephone started ringing, not to mention the door bell.

By 4 A. M. Sunday morning he had answered six telephone calls, arose twice to let officers place prisoners in the jail, and then was called several miles into the country to investigate an automobile wreck.

"That is what I call a hectic night," commented Bill in relating his experience.

**BRICKER'S CAMPAIGN  
TO BE LIMITED BY WAR**

COLUMBUS, Aug. 19.—(AP)—Gov. John W. Bricker says the war will limit his campaigning for reelection to "a few talks to present the issues of the campaign clearly to the people."

Bricker, appointing his executive secretary, Don Power, as campaign manager, reported yesterday that the "war program has doubled the work in the governor's office. The time will not be available for the personal campaign. I have always made in all sections of the state."

**FRANK FAY IS BROKE  
AND HE PROVES IT**

LOS ANGELES, Aug. 19.—(AP)—Called into court by his former attorney, who is endeavoring to collect \$600 in fees, comedian Frank Fay gave a visual demonstration of his lack of financial resources. Upon the order of Court Commissioner Harold Shepherd, Fay turned his pockets inside out and disclosed only \$3.

## Nude Body of White Woman Found In Car as Negro Vice Leader Slain

CLEVELAND, Aug. 19.—(AP)—Seven men and five women were held today for questioning in the sordid beating death of a 28-year-old woman which was revealed by a gun battle that killed an Elyria policeman and Nathaniel Spuriel, Cleveland vice figure.

The 12 captives, including Spuriel's 20-year-old wife, were described by police as his associates in a career which included vice, drugs, thievery and finally homicide.

The three violent deaths climaxed Cleveland's "jitterbug" vice cases in which Spuriel, a Negro, was the convicted, key character in the debauchery of four white girls.

Dead, besides Spuriel, were Doris McConnell, 28 and white, recently arrested on a vice charge, and Patrolman Howard Taft of the Elyria police department.

Miss McConnell's nude and battered body was found stuffed into the trunk compartment of Spuriel's coupe when Patrolman Taft and a partner investigated an Elyria traffic collision involving the coupe last night.

Dr. S. C. Ward, Lorain County coroner, said the woman had been "badly beaten" from eight

## TOUGH FIGHTING FACING YANKS IN FAR PACIFIC

Marines Have Solomons To Mop Up and Fleet Has To Get Jap Navy

GENERAL MACARTHUR'S HEADQUARTERS, Australia, Aug. 19.—(AP)—The final expulsion of Japan from the Solomon Islands apparently rested today on the completion of two tedious, difficult jobs—the mop-up ashore where the United States Marines have landed and the consolidation of naval mastery in that South Pacific zone.

This still was a triple-header operation of major magnitude, involving land, sea and air forces, but every indication in the absence of official facts and figures pointed to accumulating successes.

For one thing the Japanese radio has begun changing its story on the battle and the only reference to it in the latest Tokyo broadcasts was a commentator's warning that the United States onslaught might lead to further attacks on Japanese-held territory "or even on Japan herself."

A report to Auckland from a New Zealand correspondent somewhere in the South Pacific said the United States had won "sufficient successes" at sea to reinforce and supply the assault troops for what may be weeks or months of "extremely bitter" fighting in the islands.

"Japanese units which were in the Solomons at the opening of operations either have been sunk or have fled to the Caroline Islands," said this dispatch to the New Zealand Press Association.

American naval forces were reported deployed in anticipation of a showdown battle with the Japanese for the seaways vital to holding, or broadening, the wedge already dug into the enemy's network of advance island bases.

## Allied Assault Is Made With Tanks, Big Guns As Planes Roar Above

**American, Canadian, British and French Join in Invasion Sortie of Gigantic Proportions—Royal Navy Takes Force of Specially Trained Volunteers Across Channel—Several 'Invasion' Points Attacked—Fierce Fighting Still in Progress Nine Hours After First Landing Is Made**

**BY RUSSELL LANDSTROM**

LONDON, Aug. 19.—AP—United States troops landed in France early today with tanks and heavy weapons, and more than nine hours later they and their Canadian, British and fighting French Allies still were waging ferocious battle with the Germans around Dieppe in the greatest Commando assault of the war.

Overhead the United States army air force, the RAF and the Royal Canadian Air Force maintained a constant thick umbrella of bombing and fighting planes against bitter German aerial opposition. Indications were that more than 1,000 Allied planes were participating.

Escorted by British and Canadian fighters, two squadrons of the United States army air force's big Flying Fortresses smashed at one base of Nazi aerial resistance in a high-level bombing of a German fighter station at Abbeville, 38 miles northeast of Dieppe, setting buildings afire and smashing runways.

It was the second daylight operation of the four-motor American bombers over France and, as in the first raid two days ago on Rouen, 38 miles south of Dieppe, all of the bombers returned safely.

From dawn on through late afternoon the constant shuddering roar of heavy explosions denoting the battle's continuance shook buildings on the English side of the Channel.

(Although the British repeatedly asserted the action was a Commando raid and not an invasion, the strength and continuing nature of the assault suggested that it was developing into a major operation with unpredictable possibilities.)

Even as the battle thundered on, first units of the Commando force who had speedily accomplished their mission returned to a British port in gay spirits.

There was no immediate indication how many men returned in the first contingent, nor whether Americans were among them. It was presumed that they constituted the wing of the Allied force which a communique said accomplished its objective and withdrew.

Hour after hour the battle progressed, with the rumble of heavy gunfire and the constant roar of planes as audible testimony to the scope of the conflict on which Allied headquarters issued terse periodic communique.

Canadians made up the majority of the strong forces that drove across the channel to Dieppe, 50-odd miles from Beachy Head, the nearest point in England, and 100 miles from Paris.

Announcements from United States army and Allied combined operations headquarters disclosed that the Americans, British special service and the fighting French all were in action.

The Americans, specially chosen from a host of volunteers as the first American fighting men to set foot on the continent of an embattled Europe since 1917, proudly wore the title "Rangers"—after the famous Rogers' Rangers whose bold exploits made history in the French and Indian War of American colonial days 180 years ago.

First announced fruits of the raid were destruction of a six-gun German battery and ammunition dump by troops who landed on the right flank, accomplished their mission and were re-embarked by the British navy, which ferried all the forces across to France.

On the left flank the Canadians first were repulsed by strong German opposition, but bounded back to carry the beach by assault while their comrades were pushing tanks ashore in the center for the main thrust, which a noon announcement said still was continuing.

The landings were accomplished at every point selected in advance in a carefully-planned, closely secret operation that American officers of all services helped to arrange.

Eagerness to call this a second front, a real invasion, was cooled by repeated BBC broadcasts stressing the "limited and temporary" character of the action and declaring "it had nothing to do with military decisions which have been taken in Moscow recently."

The Germans, however, made no attempt to belittle the scope of the assault, and claimed they had thrown even their naval forces into the bitter conflict.

For the Canadians, thirsting for a fight for months or years, it was

(Please Turn to Page Two)

## Nazi Drive in Russia Draws More Reserves

**By HENRY C. CASSIDY**

MOSCOW, Aug. 19.—(AP)—The Germans poured strong reserves today into the Don Bend and Caucasus battles from south of Voronezh to the high plains of Pyatigorsk and the bolstered onslaught presaged a full-scale drive against Stalingrad and along the Baku rail line to the shores of the Caspian.

The Russians were fighting back fiercely. A communique declared that the Nazis' gains since May 15 had cost 1,250,000 casualties—twice those of Russia—and that Adolf Hitler was draining western Europe for the new fighting men required in the east.

The Russians fell back in the Don Bend where their counter-offensive appeared spent, and gave ground in the region of Pyatigorsk, 170 miles southeast of the destroyed and abandoned Maikop oil fields.

The Nazi drive down the Rostov-Baku rail line across the Caucasus had as its next apparent objective beyond Pyatigorsk and

Mineralnye Vody the rail junction town of Georgievsk, only a few miles beyond the Nazi spearheads.

In the northwestern Caucasus the Russians reported repulsing German attacks in the Krasnodar area 60 miles east of the port of Novorossisk.

Fighting flamed again on the Bryansk front southwest of Moscow. The information bureau said a Soviet artillery battery repulsed eight attacks, wiped out a river crossing and killed at least 500 Germans.

Midnight reports indicated a resurgence of Nazi effort along both arms of a pincer groping toward Stalingrad and the Volga, while the Red Army counter-attacked in the Krasnodar sector and stood off assaults in the Pyatigorsk area of the Caucasus.

Already wedged into Russian positions in one sector of the Don Bend front, the Germans massed large formations to strike elsewhere southeast of Kietskaya and forced a Russian unit to retreat, the Soviet Information Bureau announced.

## For U.S. Late Next Year Food Shortage Predicted

WASHINGTON, Aug. 19.—(AP)—The United States and the other United Nations are headed straight for an acute food shortage, chairman Hampton Fulmer (D-SC) of the House Agriculture committee said today, and nothing is being done about it.

It will come about the end of 1943, the outspoken Carolina farmer predicted in an interview, and "the officials and bureaucrats handling the program now won't do anything about it until it smacks them right in the face."

Fulmer said he based his belief on a growing shortage of farm labor and what he described as an increasing tendency to disregard the problems of the farmer.

Meanwhile, the War Production Board's food requirements

committee headed by Secretary of Agriculture Wickard recommended government allocation of meats to butcher shops and other retail outlets to permit equitable distribution of limited supplies.

The recommendation resulted from an unprecedented war demand for meats during a seasonal shortage that developed in several sections of the country, particularly in the east.

Fulmer asserted that despite governmental pleas for bumper crops to furnish food for the United Nations, the war food program is falling down because farmers simply cannot get the labor they need to raise big crops.

He attributes this condition to the draft and the attractive pay offered by industry.

The only solution he could see, he said, was to boost farmers' income to permit the payment of wages that could compete with off-the-farm pay. To this end, Fulmer said he planned to begin hearings soon on legislation to revise the parity formula designed to give farmers a purchasing power in proportion to that of other groups.

## ARMY TO TAKE OVER BOSTON WAR PLANT SLOWED BY STRIKE

Company Had Refused To Arbitrate Differences

WASHINGTON, Aug. 19.—(AP)—President Roosevelt ordered Secretary of War Stimson today to take possession of and operate the plant of the S. A. Woods Machine Company at South Boston, Mass., where a management-labor dispute has impeded war production.

The War Labor Board laid the case before him yesterday for appropriate action.

The company management had refused to comply with a board order that it grant arbitration and maintenance of union membership privileges to the CIO's United Electrical, Radio and Machine Workers.

The plant has orders for production important to the war effort.

## U-Boat Sunk Off Brazil By Pilot of U.S. Bomber

RIO DE JANEIRO, Aug. 19.—(AP)—A United States pilot bombed and sank one of the Axis submarines lurking off the Brazilian coast after the sinking of five Brazilian ships brought this biggest South American republic to the "gates of war," an official announced today.

The first official word of the sinking came from Commander Ernani A. R. Amaral Peixoto, federal liaison officer in the state of Rio de Janeiro, who told a crowd gathered before the presidential palace that one of the undersea raiders had been destroyed.

Government press department and other accounts in Brazilian newspapers gave this version of the attack:

The submarine was sighted 50 miles off Brazil's coast by a United States plane piloted by Capt. Jack Lacey. The plane dived, machine-gunning the submarine and forcing it to the surface with bombs when it attempted to submerge.

The Diario Carioca, quoting authorized sources, said the submarine apparently was damaged in this first attack. The United States plane dived again, this time finishing the submarine with direct bomb hits.

At the same time, radio reports purportedly from British Guiana were heard here saying RAF planes, based on that British South American territory, attacked a second submarine off the northeast coast of South America yesterday, and sighted a third.

These developments came as renewed anti-Axis demonstrations flared in the streets of principle cities throughout the country. Brazil's course could not yet be foretold.

Meanwhile, a naval spokesman said that an Axis surface raider prowling the South Atlantic had been sighted near the Brazilian island of Trindade, 1,000 miles off the coast several days ago.

## TWO MORE WARSHIPS ANNOUNCED LOST BY BRITISH IN CONVOY

LONDON, Aug. 19.—(AP)—The anti-aircraft cruiser Cairo and the destroyer Foresight were sunk during the recent convoy operations in the Mediterranean, the Admiralty announced today.

Previous the Admiralty had announced the sinking of the aircraft carrier Eagle and the cruiser Manchester. The four ships were the total warship losses for the British in the extensive convoy operations to supply and reinforce Malta, the Admiralty said.

The communique said the Admiralty would not divulge the number of ships in the convoy or the number of ships which arrived at Malta.

## GOODYEAR NET PROFIT IN 6 MONTHS \$3,163,087

NEW YORK, Aug. 19.—(AP)—The B. F. Goodrich Co. reported yesterday consolidated net profits for the six months ended June 30 of \$3,163,087, equal after preferred dividend requirements to \$1.59 a common share—less than half the \$6,646,033 or \$4.31 a common share, reported for the corresponding 1941 period.

## 134 OHIO DRIVERS PUT ON 'BLACK LIST' Speed Over 40 MPH Gets Motorists in Bad

COLUMBUS, Aug. 19.—(AP)—Supt. Lynn Black of the State Highway Patrol said today 134 Ohio motorists had been "black-listed" for new tires during the first five days of the patrol's campaign to conserve rubber.

The patrol obtains the identity of anyone driving more than 40 miles an hour and the names are turned over to the Office of Price Administration. Any persons "black-listed" will be denied new tires or re-caps if and when they again are offered the public.

## NAZI U-BOAT BASE IS BLASTED BY RAF

Four German Raiders Over England at Night

LONDON, Aug. 19.—(AP)—Flensburg, the Nazi submarine and shipbuilding center almost at the Danish border, was the chief target of RAF bombers last night, their second night in a row over northern Germany, the air ministry announced today.

A communique said four of the raiders were missing. The weight of the attack was not disclosed.

A few German bombers were over England during the night, dropping bombs in east Anglia.

Berlin broadcasts said Germany also was attacked from the east where Russian planes were said to have bombed parts of east and west Prussia.

## PERRY GREEN NAMED COLUMBUS, Aug. 19.—(AP)—Gov. John W. Bricker today re-appointed Perry L. Green, president of The Ohio Farm Bureau Federation, as member of the Ohio Water Supply Board Advisory committee for a term ending Sept. 4, 1947.

## Late Bulletins By The Associated Press

**ALL BRAZILIAN SOLDIERS CALLED TO ACTIVE DUTY**  
RIO DE JANEIRO—All Brazilian soldiers on leave were recalled to duty today and the Navy forbade furloughs for regular reserves as this nation at the "gates of war" hastened steps to meet the threats of Axis submarines that recently sank five Brazilian coastal ships.

**TORPEDOES FROM AXIS SUB RUN ONTO CURACAO BEACH**  
WILLEMSTAD, Curacao, Netherlands West Indies—Allied Navy and Army forces started search for enemy submarines off the south coast of Curacao today after two torpedoes ran onto the beach.

**U. S. SUB SINKS JAP WARSHIP OFF ALEUTIANS**  
WASHINGTON—A United States submarine has sunk a Japanese cruiser or destroyer in the western Aleutians, the Navy announced today, bringing to 23 the total of enemy ships announced as sunk or damaged in that area.

## Major Battle Brewing In Middle East, Tip

LONDON, Aug. 19.—(AP)—In fusion of new brains and new blood on Britain's precarious middle eastern front, coupled with the close attention Prime Minister Churchill gave it on his way to Moscow, stamped that battle theater in many British minds today as a zone of impending major action.

North Africa might become the United Nations' second front, with only a thin 80 miles separating his armies from Alexandria, Hitler scarcely could neglect that arm of his vast middle eastern pincer if his goal is to master the trans-Caucasus by winter.

Britons, therefore, weighed these developments with some optimism and some anxiety:

1. Churchill's stop-over in Egypt en route to his talks with Joseph Stalin, during which he inspected the front and met virtually the whole "Who's Who" of the United Nations leadership in North Africa.

2. The announcement that General Sir Harold R. L. G. Alexander had been called to command in the Middle East in place of General Sir Claude J. E. Auchinleck.

3. The arrival in Egypt of New United States contingents, including ground staffs for the American Army Air Forces whose medium and heavy bombers already are in action and whose fighter planes have completed their last desert training.

The British have picked an advocate of attack and surprise to match wits with the Axis' wily Field Marshal Erwin Rommel.

# CHILD CAUSES WIDE SEARCH DURING NIGHT

Found with Friends Where She Had Spent Last 18 Hours

Margaret Wilson, nine-year-old daughter of Mr. and Mrs. Oscar Wilson, of Eastern Avenue, gave her parents, friends and police many long hours of uneasiness, worry and work, over Tuesday night, when she disappeared while supposed to be headed for the public library at 12:30 P. M. Tuesday.

Around 9 A. M. Wednesday morning she was found at the home of Mr. and Mrs. Harley Friesce, at the extreme end of East Temple Street, where she had been since leaving home, apparently not thinking that her absence from home would occasion alarm.

Police were notified of the girl's disappearance at 8:30 Tuesday night, and immediately started a city-wide search that lasted all night, with no trace of the child being found.

City Manager Edwin Ducey, the police, family and many neighbors joined in combing the entire city to locate the child, and as many more persons were being organized for a greater search Wednesday, word reached the police that the girl had been located.

Mrs. Friesce, a friend of the family, said the child had come to her house early in the afternoon, played with neighbor children most of the afternoon, and remained at the Friesce home over night.

She asked the girl if her parents would not be worried about her, and was assured that it was all right with the parents.

During the search all public grounds, including school, library, athletic field, and other points were visited by the searchers and every effort made to contact persons who might have seen her en route to the library.

The missing girl was still at the Friesce home when information as to her whereabouts reached the parents, who hurried to the Friesce home.

AMERICAN RANGERS SPECIALLY TRAINED FOR INVASION FIGHT

(Continued from Page One)

French and Indian war. Like them, the new American Rangers have been taught to kill expertly and silently with their knives and bare hands as well as with guns and grenades.

They are as much at home on sea as on land.

Just to show them what a trained Ranger is expected to do, their British instructors stalked a deer in the forest and when the stag was surrounded a big Scot leaped upon him and killed him with a knife.

A sentry's throat can be slit in the same, silent way.

On my visit I rowed with them in a collapsible canvas boat to a landing on a beach where tracer bullets from a British Bren gun were spewing so close to the gunwales you almost were able to reach out your hand to them.

Land mines and grenades splattered us with mud and water. Rifle traces bullets singed by so close that one punctured a mess kit slung from a Ranger's belt.

Earlier in their training, a hand grenade had landed, fuse smoking, in one Ranger boat. Private Clayton Schooley, 22, of Munising, Mich., picked up the sizzling bomb and with a shout

## Mainly About People

Mr. and Mrs. J. R. Larimer moved from Bookwalter to Bloomingburg, Wednesday.

Willard McLean, who has been confined to his home by illness the past three weeks, is improving slowly.

Mrs. Maxine Murphy underwent a major operation in Grant Hospital on Monday, and her condition is reported as "fair."

Mr. and Mrs. Gene Mathews, of Springfield, are announcing the birth of a daughter, Nikki Carol, on Tuesday, August 18.

Mrs. Stanley Mark, who underwent an operation at Mt. Carmel Hospital, was able to return to her home in Millwood, Wednesday afternoon.

Mr. and Mrs. James Baughn, 507 Campbell Street, are announcing the birth of a son, David Noel, on Tuesday afternoon, August 18.

Jack Wolfe, Jr., who was taken to Mt. Carmel Hospital in Columbus a week ago in the Klever invalid coach, underwent an operation for appendicitis Monday. His condition was reported today as satisfactory.

A sentry's throat can be slit in the same, silent way.

On my visit I rowed with them in a collapsible canvas boat to a landing on a beach where tracer bullets from a British Bren gun were spewing so close to the gunwales you almost were able to reach out your hand to them.

Land mines and grenades splattered us with mud and water. Rifle traces bullets singed by so close that one punctured a mess kit slung from a Ranger's belt.

Earlier in their training, a hand grenade had landed, fuse smoking, in one Ranger boat. Private Clayton Schooley, 22, of Munising, Mich., picked up the sizzling bomb and with a shout

of "overboard!" flung it into the water.

He didn't know its explosive charge had been extracted.

Wrestling (dark alley style) and Ju Jitsu were after-dinner pastimes at the camp I visited. A man out of condition was a candidate for the hospital if he joined the fun.

Every Ranger was a volunteer from the United States forces in Britain eager for action—which they got before the enemy first felt their steel.

Most of the original Rangers were westerners but they also included lion-tamer Corp. James Haines, 29, of Lexington, Ky., who worked with Frank Buck and thinks that working with the Rangers "ain't no different."

AMERICANS JOIN RAID ON EUROPE WITH TANKS AND HEAVY ARTILLERY

(Continued from Page One)

of the first real action against the enemy.

For the Fighting French, whose commando organization was dissolved only on Bastille Day last July 14, it was the first time they

## SPEED LIMIT IS 40 MILES

No Tires for Trucks or Cars That Exceed Limit Fixed

Sheriff W. H. Icenhower and other officers in the county have received a communication from Governor John W. Bricker, citing a telegram from B. L. Williams, regional administrator of Price Control, in which it is announced steps have been taken to refuse tires to truck and automobile owners who exceed the speed of 40 miles per hour.

The officers are asked to obtain license numbers of offenders and turn them in, so that they can be checked against applications for tires.

All violators whose numbers are obtained will find the numbers in the hands of the rationing board when they apply for tires, and be refused additional tires, it is indicated.

Landings were made at several selected points in the early darkness of this morning, and the first announcement from headquarters of combined operations (the British term for commando work) was issued at 6:45 A. M. (1:45 A. M., Eastern War Time).

The latter announcement at noon said heavy fighting still was in progress.

Reuters reported that the Paris radio had been off the air since 8:12 A. M., which it said was extremely unusual.

Both before and after day-break heavy gunfire was heard by residents of the south coast of England, explosions coming from several parts of the French coast, and at one time there was a long and continuous rumble.

Dieppe, on the channel coast south of Dover Strait and only about 100 miles northwest of Paris, is regarded by British observers as one of the points along the 700 miles of German-occupied coastline from Holland to Brest where a landing might be attempted in the opening of a second front.

It is within easy range of fighter aircraft based in Great Britain but its small harbor has no loading facilities only for small ships and these facilities are not considered adequate for a swift landing of vast quantities of weapons and supplies such as would be required for a big base for a land offensive.

Dieppe was busy with channel passenger and freight traffic in peace time, cross channel boats running to New Haven, England, 80 miles away.

The Germans have set up long-range coastal batteries there to harass channel shipping and these guns probably received some attention from the commandos. The city is only 33 miles from Rouen where United States Flying Fortresses attacked the railway yards Monday.

Following closely on the visit of Prime Minister Churchill to Moscow, the raid undoubtedly gave the German forces in occupied territory jittery invasion fears.

Today's raid was the first announced by the British since the landing in the Boulogne-Le Touquet area June 4 to test the German defenses there. The commandos completed their work in an hour on that occasion.

When a man joins the army he eats about 25 per cent more than he did in civil life.

## LEGION COLLECTS 1200 OLD RECORDS

Still Receiving Records To Assist Soldiers

So far the American Legion in Fayette County has collected about 1200 old phonograph records to be used in helping provide entertainment for the American armed forces.

While no records have been received for several days, the Legion committee, headed by R. B. Tharp, is still accepting records.

Part of those collected have already been forwarded to headquarters.

## STALIN'S SON DECORATED FOR BRAVERY IN BATTLE

MOSCOW, Aug. 19.—(AP)—Col. Vassily Stalin, son of the Soviet premier, was disclosed today to be in command of a pursuit aviation group on the southern front. On June 21 it was announced that Colonel Stalin, who still is in his twenties, had been awarded the Order of the Red Banner for bravery in front-line battle.

The best brushes for paint brushes come from China and Russia.

## OLD LIBERTY BELLS ARE GOING TO WAR

CLEVELAND, Aug. 19.—(AP)—The bells which four score years ago summoned volunteer firemen are going to war. The city purchasing department, at Safety Director Frank D. Celebrezze's request, is seeking bids today on 17 bells, weighing 700 pounds each, which will add some 11,900 pounds of brass and cast iron to the nation's salvage pile.

## OHIO GOP HAS SURPLUS

COLUMBUS, Aug. 19.—(AP)—The Republican party in Ohio has a \$10,870 surplus to start the fall election campaign, reported Hugh Huntington, treasurer of the Republican State Central Committee.

## Mud Hens Fumble Chance--Red Birds Beat them Twice

(By The Associated Press)  
Toledo's aspiring Mudhens hadn't missed many opportunities in their dash from the cellar to a contending position in the American Association race—that is until last night.

With a chance to make the cycle complete—a jump from last to first place—the Mudhens blew the opportunity last night by losing a double header to the league-leading Columbus Red Birds.

Second place Toledo City also lost and had Toledo been able to take advantage of the set up, it would have been in the driver's seat today, a half game ahead.

Instead, the Mudhens find themselves in fourth place, three and a half games out of first. Columbus, meantime, has one of the strongest toe holds on the

leadership held by any contender in the last few weeks—a full two games. Milwaukee, in third place, is three games behind.

Columbus won the opening game 6 to 4 and the second 2 to 1. Tonight the two rivals meet again in a single game. Milwaukee defeated Kansas City 6 to 3 and the other two games, both doubleheaders, wound up in even breaks. Indianapolis defeated Louisville, 3-2, then lost, 5-2. Minneapolis turned back St. Paul, 7 to 3, but dropped the nightcap in 10 innings 6 to 5.

## MADISON MILLS EDGED OUT BY ALBERS RALLY

Game, Free-scoring Slugfest, Marked by Stout Finish And Four Home Runs

Albers took the Madison Mills Grange softball team for a spin Tuesday night when they romped over them in the eighth inning by a score of 10 to 8.

The Grange team started the scoring with a bang, getting five runs in the first half inning of play. Albers got two runs in the third inning but during the first half of the fourth inning the Grangers went on a spree to take a 4-run lead. However, Albers came back in their half of the same inning and tied up the score. Madison Mills went into the lead in the sixth inning when they added another run. Albers went on again in the seventh and tied up the score.

At the end of the first half of the eighth inning, the Grangers had a man on second and one on third but they couldn't score. Albers did better. Mann, first up, hit a single and Lentz walked. Harper then hit a single scoring both men and winning the game. During the game four home runs were hit. The Grangers had three and Albers one. Hatfield hit one for Albers and Bentley hit one and Hobbie two for the Grangers.

Two games will be played Wednesday night, one in both leagues. The Methodists will play the Church of Christ in the first game at 7 P. M. and the American Legion will meet Albers at 8:30 P. M.

## DODGERS' LEAD CUT AS CARDS COME TO LIFE

Reds Knocked Down Again By Pirates—Loss No. 5 Is 3-0 Whitewash

By AUSTIN BEALMEAR

(By The Associated Press)

After nearly everybody except their relatives had given them up for lost, the St. Louis Cardinals are threatening to make a race of the National League pennant drive.

They still trail the front-running Brooklyn Dodgers by six and a half lengths, but they have knocked three full games off the Dodger lead in the last three days.

With southpaw Max Lanier hurling seven-hit shutout ball, the Cards ran their latest winning streak to five straight last night by beating the Chicago Cubs and Claude Passeau, 5-0.

The Dodgers were jolted 3-1 by the Phils, the second straight for the Brooks, who have lost five of their last 10 games. The Cardinals have won 10 of their last 12.

Carl Hubbell pitched the New York Giants to a 10-2 triumph over the Boston Braves yesterday as his boss, Mel Ott, chipped in with his 21st home run and took over the leadership of the league.

The Pittsburgh Pirates dropped Cincinnati five games behind the Giants by whitewashing the Reds, 3-0, in a night contest. In the American League, the Boston Red Sox ran their winning streak to five games by edging the New York Yankees, 8-7, in 10 innings.

Denny Galehouse turned in a seven-hit shutout in a night contest as the St. Louis Browns whipped the Chicago White Sox, 7-0, and climbed to within a single game of the third-place Cleveland Indians, who were idle.

The Washington Senators came from behind to trip the Philadelphia Athletics, 2-1, in another early light tilt.

Proprietor, Silver Mar, Gilbert L also started.

Pony race won by Trixie (Paver).

## Ray Lamanno To Return to Red Lineup

By GABRIEL PAUL

CINCINNATI—Most cheerful news the Reds have had in a long time is that Ray Lamanno is able to catch to them again. Ray, one of the finest young catchers to come up to the majors in the past few years, suffered a compound dislocation of the right thumb in a night game at Philadelphia on July 30. At the time of his injury it was feared that he might be out for the remainder of the season, but there were no broken bones and the digit healed very well.

The return of Lamanno at this time should enable the Reds to return to the battle for third place, which has been going in favor of the New York Giants of late. When Lamanno was hurt, the Reds were entrenched in the third slot, but they slipped quite a bit with him absent. Ray will be in there next week when these Giants invade Crosley Field for a three-game series starting with a night game Tuesday. An afternoon game will be played Wednesday and a ladies' day afternoon contest Thursday.

The Crimea entered the Soviet Union as an autonomous republic.

Hynes and have "Terry" Terhune behind the plate. Other members of the club will also try to hold up these batteries.

The Rotary Club has provided the game with a special "Medical Staff" including all of their doctor members and Elmer Klever and Selby Gerstner, the undertakers.

Tickets are being sold for 25

## Jessie Nutonia Beats Gayland In Race at Troy

The arguments over the comparative merits of Jessie Nutonia and Gayland, which started nearly a month ago during the races at the Fayette County Fair were settled in part—but not definitely or permanently—at Troy Tuesday when the two met in the same race on the Miami County Fair program.

Gayland, a bay mare owned by Kirk Brothers of Washington C. H., won the special race at the Fair here on the opening day although she took only one heat in finishing second, first and sixth.

Jessie Nutonia won the 2:20 pace here on Friday of the Fair in straight heats.

Gayland paced the fastest mile when she turned the two laps of second heat in 2:08 1/2 to better Jessie Nutonia's best time by a second and a half.

At Troy, they met and Jessie Nutonia took the honors by winning the last two heats after having been beaten by Gayland in the opening canto. Driven by Ernie Smith, her trainer, Gayland won the first heat, was second in the second and fourth in the third.

Both paced considerably faster at Troy than they did here as the miles were timed in 2:06 1/2, 2:06 3/4, and 2:06 1/2.

2:19 Pace—Purse \$300  
Jessie Nutonia, b. m., (Ross) 2 1 4  
Gayland, b. m., (Smith) 2 2 1

Costs only a few cents daily. If afflicted, ask today about Ourine. For sale by Down Town Drug Store.

## Nelson Sensation Of Ohio Open Golf; Tears 10 off Par

By FRITZ HOWELL

CLEVELAND, Aug. 19—(P)—"Lord Byron" Nelson, Toledo Inverness pro, almost had a strange hold on his third straight Ohio Open golf championship today, after tearing 10 strokes off par in the first 36 of the 72-hole medal play test yesterday at Mayfield Country Club.

While most of the other pros and amateurs in the field of 70 had trouble over the rugged layout, Nelson turned in two of the best rounds of his career.

He hit the turn with seven birdies in a row for a 29 on the first nine in the morning, snared an eagle on the 18th for a 63, eight under par, and then, after losing a stroke to par on the first nine in the afternoon, had six threes on the last nine for a 69.

The 132 total, second lowest 36-hole score of his career, gave him a five stroke lead over sensational Herman Keiser of Ak-

## Golf Match Won By Mrs. Cornwell

Mrs. Ronald Cornwell today could just about claim the women's golf honors at the Country Club here and not get into any serious arguments at least for the time being.

Shooting a 49 for nine-holes to win the Ladies Day tournament, she had her keenest competition from Miss Ruth Sexton, who was only two strokes behind her with a 51. But, what gives Mrs. Cornwell the edge in the "dope" is her consistency along with good scores. This was the third time recently that she has broken 50 on this course, and that is considered good enough to beat most of the golferettes here.

Mrs. L. G. Dupree was the chairman for the day's affair. Other scores in the tourney were:

Mrs. Marvin Thornburg, 63; Mrs. Sam Parrett, 59; Mrs. Ormond Dewey, 54 and Mrs. Dupree, 72.

## UNCLE SAM WANTS YOU... TO HOARD COAL

Every patriotic citizen who orders his coal NOW will release part of the transportation facilities this coming winter to haul essential war materials and supplies.

Patriotic duty is not the only reason that motivates wise consumers to buy their coal supply now. The transportation problem may become so acute as to drastically curtail the delivery of coal for ordinary consumption in order to facilitate the movement of supplies vital to ultimate victory.

The local established coal dealers listed below stand ready to take your order now so that you may be assured an adequate supply of coal for this coming winter's heating needs.

Remember... every ton of coal ordered now releases a ton of freight space this coming winter that will make the job easier for our armed forces!

## Fayette Sugar Users Conserve By Making Syrup

Don't let the last hot days of summer get you down—you can always find cool solace in a frosty glass of lemonade!

Lemons, and all the other fruit juices too, are simply laden with vitamins and minerals, so for health's sake serve cold drinks "long—and often!" and don't skimp on the sugar, for sugar is the energy ingredient that renews your vitality and gives you an almost immediate lift.

Sugar is the most important and the most digestible quick energy food we have stimulation when we serve our summer drinks. Sugar does us double service for it improves the flavor and renews our energy too!

Since sugar is far too precious to be wasted these days, it's best to make a sugar syrup for cold drinks.

Make the sugar syrup ahead of time and store it in the refrigerator—your sugar will sweeten almost twice as many drinks this way for you can use just exactly as much as you need every time and no more. You won't have to stir so long and vigorously either and that's an especial advantage if your lime or lemonade is made with carbonated water—stirring quickly takes the sparkle out and leaves the iced drink flat.

Sugar limitations are especially difficult in summertime, for no matter how tempting fruit may look, we know it just won't taste its best without full sweetening.

Many Fayette County ladies have found a way to conserve on that precious household item, sugar. Remember sugar is a vital food, and should not be wasted at the bottom of a cup or glass, but use it fully for better health these days.

Sugar Syrup  
1 1/2 cups sugar  
1 cup water

Mix sugar and water. Heat, stirring until sugar is dissolved. Boil 5 minutes without stirring. Pour into a hot sterilized jar and store in the refrigerator.

## Additional Guests Included with Club Members

Mrs. Robert S. Craig added another delightful session to those previously enjoyed by her bridge club, entertaining the members and additional guests. It was an extremely pretty party, with garden flowers in artistic arrangements and color combinations admired in the lovely living room.

The luncheon of particularly delicious seasonal viands was served at the dining room table, which was centered with a water-garden of colorful zinnias and marigolds.

Following the gay luncheon hour, a spirited game of pivot bridge was enjoyed, with Mrs. Russel Andrews, receiving the guest prize and Mrs. Clarence L. Ford, the club.

Additional guests with the members were Mrs. Victor Lumborg, of Shreveport, La.; Mrs. Louis Baer, Mrs. Charles Hire, Mrs. Judith Robinson and Mrs. Andrews.

## Hamburger Fry Entertained by John Lelands

Mr. and Mrs. John Leland entertained the Regular Fellows Sunday School Class of the Methodist Church at the Woodmansee cottage in the Leesburg Road, Tuesday afternoon. They were assisted by Mr. Edmond Woodmansee and Mr. and Mrs. Ronald Cornwell.

Fifteen members motored out to the lovely summer cottage, so delightful with its many conveniences and comforts.

The picnic dishes of the members of the class had added delicious delicacies in the hamburgers, cooked on the outdoor ovens.

Informal visiting with the entire group reluctant to leave such genial hospitality and gaiety, brought the meeting to a close at a late hour.

### Swimming Party

A party motoring to the London swimming pool Tuesday afternoon for an afternoon of swimming, were Misses Jane and Marie Riber, Marietta-Craig, Carol Anne Gidding, Patli Maddux and Donald Riber.

### Sewing Group

Mrs. Jess Persinger cordially extended her lovely home to members of the Thursday Luncheon-Bridge Club for a day of Red Cross Sewing, Tuesday.

The entire day was spent working on material sent by the Red Cross.

At the noon hour, a summer luncheon of sandwiches and salads was enjoyed by the ladies.

## Social Calendar

## Alpha Gradale Entertained by Three Hostesses

Mrs. William McCoy, Miss Lorie Merritt and Miss Phyllis Adkins combined hospitalities to entertain the Alpha chapter of Gradale sorority at the home of Mrs. McCoy's parents, Mr. and Mrs. Ray Brandenburg, on Washington Avenue, Monday evening.

Sixteen members were present for the delightful affair, which was staged in the large backyard of the home, so attractive with its colorful tables and chairs, and numerous flower beds.

The cooking of the hamburgers added to the evening's pleasures, with the young ladies gathering around the out-door oven, enjoying the delightful aroma.

Additional good dishes were provided by the hostesses and the supper hour particularly gay.

Informal visiting with the group enjoying the refreshing lawn and other pleasures ended the evening's pleasures.

## World Service Guild Met with Mrs. Ralph Hays

The World's Service Guild of the First Presbyterian Church enjoyed a most delightful meeting and covered dish supper on Monday evening, motoring out to the lovely country home of Mrs. Ralph Hays.

Fifteen members were present for the enjoyable affair, for which Mrs. Hays had made most pleasurable plans.

The delicious supper was served from the dining table, where the large trays and platters of delicious viands were arranged around a watergarden of summer blooms.

After the gay supper hour, a short business session was conducted by Mrs. John James, and with the informal visiting combined to make it one of the most enjoyable affairs of the summer meetings.

### Small Party

Inviting twelve guests for a small and informal party, Mrs. John F. Browning entertained with a supper-bridge on Tuesday evening.

Covers were laid at the dining table, and at two small tables, placed together, in the living rooms.

After the supper hour, bridge was enthusiastically played during the evening, with high scores held by Mrs. Forrest Ellis and Mrs. Robert Himmler. A consolation prize was presented to Miss Beth Maddox.

Other guests were Mrs. Paul E. Pennington, Mrs. Horace Locke, Mrs. James Ireland, Mrs. Robert Minshall, Mrs. Alfred R. Hagler, Misses Jayne and Peggy Devins, Miss Helen Crone and Miss Lorraine Kruse.

## Miss Eliza Fox Complimented at Beautiful Party

Mrs. W. L. Stinson charmingly filled the role of hostess to a small dessert-bridge party at her beautiful home on Columbus Avenue, Tuesday afternoon in compliment to her cousin, Miss Eliza Fox, of Vicksburg, Miss.

The lovely large rooms of the very beautiful home were artistically and beautifully decorated with gorgeous bouquets of late summer flowers, most effective.

Taking the guests to the handsome dining room, a delicious dessert course was served at a beautifully appointed dining table. Covered with an exquisite lace cloth, the table was a picture of beauty in its pink and green color scheme. A pink and green watergarden was filled with lovely pink zinnias and flanked by white swans. Elegant antique green chinaware was used, and was greatly admired.

Following the happy hour around the table, bridge was played in the lovely living room, with the always gracious hostess providing most pleasurable and enjoyable delights.

Lovely prizes were presented to Mrs. Ed Hunt for high score and Mrs. H. E. Cherrington for second. A prize was also presented to Miss Fox, who has made a wide circle of friends and admirers in her visits with Mrs. Stinson.

The guests lingered with the honor guest, reluctant to bid adieu, as Miss Fox left Wednesday for her home.

Out-of-town guests were Mrs. Paul Holbrook, of South Charleston and Mrs. H. E. Cherrington, of Columbus.

Miss Doris Jefferson, of Bloomington, and Miss Marilyn McCoy, were in Columbus Tuesday, where they attended the Rushing Party of the Kappa Alpha Theta Sorority at the University Golf Course Club house.

## Personals

Mrs. Ethel McElwain returned home Tuesday afternoon after accompanying her daughter, Miss Helen, to Ann Arbor, Mich. Miss McElwain will practice physical therapy at the University of Michigan Hospital there.

Miss Martha Ann Sidlow, of Cambridge, is visiting her grandmother, Mrs. J. W. McCoy and Mrs. Frank Jamison, in Leesburg.

Dr. and Mrs. N. M. Reiff were Columbus visitors on Wednesday.

Dr. and Mrs. J. H. Persinger and Miss Helen Persinger, went to Cincinnati Tuesday for a short business trip, returning to their home on Wednesday.

Mrs. H. L. Rathdun, of East Aurora, N. Y., returned to her home Tuesday evening, after a visit with Miss Ethel Pine. Mrs. Rathdun was the former Miss Lucy Edna Pine.

Mr. Fred Russell of Dayton, and Mrs. Ada Porter were Tuesday guests of Mr. and Mrs. Robert Crane, in Columbus, and attended the double-header baseball game between the Red Birds and Toledo.

Mrs. McKinley Kirkpatrick and her daughter, Mrs. Robert Fennig, spent Tuesday with Mr. and Mrs. C. A. Kelley, near New Holland.

Mrs. Paul Holbrook returned to her home in South Charleston.

Mrs. C. L. Musser and son, Jimmy, are in Columbus, where they are visiting Mrs. Musser's sister, Mrs. William Frankenburg and family.

Mrs. E. F. Todhunter returned Tuesday evening from a visit in Owosso, Michigan, with her son, Mr. Herman Todhunter, Mrs. Todhunter and son, Tommy. From Owosso, she went to Cleveland.

Mrs. E. F. Todhunter returned Tuesday evening from a visit in Owosso, Michigan, with her son, Mr. Herman Todhunter, Mrs. Todhunter and son, Tommy. From Owosso, she went to Cleveland.

## WHIL

Needless Squinting Ended

Squints made tell-tale wrinkles and she seemed prematurely aged. But after she received our attention, her youthful appearance returned.

### Small Party

Inviting twelve guests for a small and informal party, Mrs. John F. Browning entertained with a supper-bridge on Tuesday evening.

Covers were laid at the dining table, and at two small tables, placed together, in the living rooms.

After the supper hour, bridge was enthusiastically played during the evening, with high scores held by Mrs. Forrest Ellis and Mrs. Robert Himmler. A consolation prize was presented to Miss Beth Maddox.

Other guests were Mrs. Paul E. Pennington, Mrs. Horace Locke, Mrs. James Ireland, Mrs. Robert Minshall, Mrs. Alfred R. Hagler, Misses Jayne and Peggy Devins, Miss Helen Crone and Miss Lorraine Kruse.

## 'The Magnificent Dope' at Fayette Theatre

Things don't seem to be going according to schedule as Henry Fonda, in the title role of "The Magnificent Dope," talks back to Don Ameche and Lynn Bari. It's one of the most hilarious scenes from the 20th Century-Fox comedy at the Fayette Theater Wednesday and Thursday. Edward Everett Horton tops a cast of favorites in the film, which was directed by Walter Lang and produced by William Perlberg.

land where she visited with her daughter, Mrs. Selsor Fenner, Mr. Fenner and daughters, Mr. Fenner and daughter, Barbara, accompanied her to her home for a few days visit.

Mrs. John James accompanied friends from Wilmington to spend Tuesday in Columbus.

Mr. Charles McCoy is in Hilliards, attending the Fair.

Miss Doris Jefferson, of Bloomington, and Miss Marilyn McCoy, were in Columbus Tuesday, where they attended the Rushing Party of the Kappa Alpha Theta Sorority at the University Golf Course Club house.

Mrs. Ethel McElwain returned home Tuesday afternoon after accompanying her daughter, Miss Helen, to Ann Arbor, Mich. Miss McElwain will practice physical therapy at the University of Michigan Hospital there.

## STEEN'S

## People To Know

By IRIS LEE SPARKS

Born, reared, and educated in Washington C. H., is tall, thin W. N. Hay, head of the Associated Plumbers here.

After working as a telegraph operator for the Dayton and Southeastern and D. T. & I. Railroad, Hay took the advice "go west young man" and wound up in Kansas City where for twenty-eight years he was telegraph operator. In 1910, interested in politics, he was elected Deputy Sheriff and Superintendent of the Detention House there.

Hay returned to Washington C. H. in 1913 to work for the Bryson and Hay Plumber business "and I've been here ever since." In 1926-27, Hay, however, operated the organization himself and in 1929 formed the present association.

He is married to the former Emma Doudrick.

Hay spoke highly of the Aeronautical Products, Inc., that is being started here and believes we should have more such industries for the betterment of our county.

In regard to the war and administration, Hay stated, "We are losing this war—but we'll win of course, finally. I don't like the administration entirely; there has been too much quibbling and politics going on. Naturally our leaders have made some mistakes, but that should be expected as any of us would have probably slipped at the beginning in the estimation of shortages, war production, etc. However, I do feel that there have been too many serious and major mistakes made. The war will be over in not less than a year."

Attorney W. S. Paxson was a business visitor in Loveland, Wednesday.

Miss Elza Fox left for her home in Vicksburg, Mississippi, on Wednesday, after a lengthy visit with her cousin, Mrs. W. L. Stinson.

Mrs. Fulton Alkire and son, Jackie, are in Wilmington to be with Mrs. Alkire's mother, Mrs. Marietta Walker, who underwent a major operation in Kelley Hale Hospital, on Tuesday.

Attorney W. S. Paxson was a business visitor in Loveland, Wednesday.

## EX-MARINE IS HERE FOR TWO-FOLD JOB

Recruiting Men for Corps and League of Veterans

John E. Snively, a former Leatherneck, with 12 years of service to his credit, has completed laying the groundwork of his two-fold mission in Washington C. H. and Fayette County, he said as he prepared to move on to other fields of endeavor Wednesday.

Snively, who came from Athens to make his home with his brother-in-law and sister, Mr. and Mrs. Alfred Barrett, here some time ago, has been making contacts with former members of the United States Marine Corps and young men interested in joining that branch of Uncle Sam's fighting forces. Among the former Marines, he has been trying to arouse their interest in joining a federally-constituted organization made up of ex-Leathernecks and known as the Marine Corps League. To the young men, he has described the opportunities and recited the history of the U. S. Marine Corps. He is an accredited Marine Corps civilian recruiting agent.

He said a nationwide campaign was now in progress to build up the Marine Corps League and that in this connection had been telling former members of the corps about the league's forthcoming convention to be held in the Hotel Sherman in Chicago, September 2 to 5.

Traveling out of the Chicago headquarters of the league, Snively wore a flashy blue uniform with bright red chevrons and stripes, similar to that of the present day Marine as he passed out pamphlets describing the corps and told about the league.

## LOCAL RAILROAD YARDS ARE GIVEN ATTENTION

Workmen have been busy in local railroad yards for some little time, clearing away the weeds and restoring the yard tracks wherever necessary.

As result of the work the yards where the cleaning has taken place presents a much improved appearance.

The fight of Dominicans for self-determination was begun in 1821, but independence was not achieved until 1844.

## REMOVAL OF SIGN STARTS RUMORS HERE

Employees of the Fayette Coca Cola Bottling plant Wednesday morning removed a large Coca Cola sign from in front of the former Christopher Drug Store on Court Street, and many persons, thinking the sign was being erected, were of the belief that another drug store was being opened in the room.

So far as known, however, the room has not been leased for any purpose.

Buy War Bonds and Stamps!

## That Extra Something!

...You can spot it every time

ANY housewife can tell you that in wartime you have to put something extra into housekeeping to make a home bright and cheerful. And housewives know that ice-cold Coca-Cola, sparkling, refreshing, helps to brighten the most important part of home...the people in it.

For Coca-Cola has a unique, extra something that sets it apart...a finished art in its making that gives it unmatched taste-appeal...with an unmistakable after-sense of refreshment.

That's why no imitator can copy it. That's why Coca-Cola has the quality and delicious goodness so widely recognized and welcomed by all.

Wartime limits the supply of Coca-Cola. Those times when you cannot get it, remember: Coca-Cola, being first choice, is the first to go. Ask for it each time. No matter how short the supply, the quality of Coca-Cola will not be changed in any respect.

Families working on war schedules add an extra burden to the job of housewife. In such homes, ice-cold Coca-Cola brings sparkling refreshment to lighten the task.

The best is always the better buy!

**NUDE BODY OF WOMAN FOUND IN CAR AFTER NEGRO DRIVER KILLED** (Continued from Page One)

ed because of an appeal from the conviction. On June 9 he and Miss McConnell were arrested along with another white woman identified as Spuriel's wife, on charges of occupying and operating a vice resort. The cases were to have been heard next Friday.

The Cleveland vice figure opened fire on Patrolman Taft as he was being taken to police headquarters in Elyria last night after his car was involved in a collision with another operated by an Elyria woman.

Patrolman Don Andress, who was being taken to his home by Taft when the latter was directed to investigate the collision, gave this account of the shootings:

Taft started to drive Spuriel's car to police headquarters, with Spuriel beside him, while Andress followed in the police cruiser. After driving a short way, Taft stopped to straighten a fender damaged in the collision. Spuriel also got out and took the ignition key.

Refusing at first to surrender the key, Spuriel then walked to the car as if to get in, but pulled a .45 caliber revolver from the automobile and fired three shots into Taft's chest and stomach. Falling to the street, Taft returned fire, emptying all six chambers of his service revolver.

Andress, unarmed, ran to the other side of Spuriel's car to grab him from behind. One shot fired at Andress missed, and the Negro was killed outright by Taft's bullets. Andress then took Taft to the hospital where he died an hour and a half later.

The slain patrolman, married and father of one child, had been a member of the police department since last November 15.

Discovery of Miss McConnell's body was made after Spuriel's car was taken to police headquarters. Coroner Ward said death resulted from a brain hemorrhage caused by a severe beating.

**LEGAL NOTICE**

In the Court of Common Pleas, Fayette County, Ohio.

Carl Hays, whose residence is unknown, and who is not a resident of the State of Ohio, will take notice that on the 13th day of June, 1942, Gertrude H. Lampe filed her petition in the Court of Common Pleas, Fayette County, Ohio, and on the 22nd day of June, 1942, said Gertrude H. Lampe filed an amended petition in said Court of Common Pleas of said County, in Case No. 19528, against the above named Carl Hays and others, praying that partition of the real estate of which the late Scott Hays died possessed, being about 234 acres of land in Fayette County, Ohio, be made and the interest of the heirs of said Scott Hays therein be set off to them in severalty.

Said Carl Hays is required to answer on or before the 10th day of October, 1942, or judgment will be taken against him.

JOSEPH H. HARPER, Attorney for Plaintiff.

**MARKETS AT A GLANCE**

**NEW YORK**

**STOCKS**—Irregular; some leaders decline on profit selling.

**BONDS**—Steady; rails lose in profit taking.

**CHICAGO**

**WHEAT**—Sharply higher; war news.

**CORN**—Higher with wheat and other grains.

**CATTLE**—Steady to 15c lower; liberal run.

**HOGS**—Steady to 10c lower; top \$15.10; lend-lease pork demand smaller.

**GRAIN MARKET NEWS SUMMARY**

**CHICAGO, Aug. 19.—(P)—**The heavy Allied attack on the French coast today helped touch off one of the strongest grain market rallies in weeks.

Wheat led the upturn, gaining as much as 2 cents a bushel at one stage, and other cereals pushed upward almost as far in some cases.

Buying to cover previous short sales accounted for much of the support, traders said, although some dealers also were understood to have reinstated lines sold out on the recent price retreat.

Wheat closed 1½-2 cents higher than yesterday, Sept. 1.18½-¾, Dec. 1.21½-¾; corn ¾-1c up; Sept. 83½-¾, Dec. 86¼-¾; oats 1¼-1½c higher; rye ¾-1c up; soybeans ¼-½c higher.

**GRAIN CLOSE**

**CHICAGO, Aug. 19.—(P)—**WHEAT: Dec. 1.21½-¾; May 1.25½-¾.

**CORN:** Dec. 86¼-¾; May 90½c.

**OATS:** Dec. 51½c; May 53½c.

**SOYBEANS:** Oct. 1.71½; Dec. 1.72½.

**RYE:** Dec. 67c; May 73c.

**TOLEDO GRAIN**

**TOLEDO, Aug. 19.—(P)—**Grain on track (nominal)—basis 27 cent rate New York.

Wheat: No. 2 red 1.25½-1.26½. Corn: No. 2 yellow 84-85c.

Oats: No. 2 white 5-5½c; No. 3 white 48-51c.

Soybeans: No. 2 yellow 1.61-1.62.

Hay: Timothy, No. 1, 11.00. Clover, No. 1, 10.00. Baled alfalfa, No. 1, first cutting, 10.00; No. 1, second cutting, 12.00.

Straw: Wheat, 9.00; oat, 6.00.

**CASH GRAIN**

# Markets And Finance

## MARKETS AT A GLANCE

**NEW YORK**

**STOCKS**—Irregular; some leaders decline on profit selling.

**BONDS**—Steady; rails lose in profit taking.

**CHICAGO**

**WHEAT**—Sharply higher; war news.

**CORN**—Higher with wheat and other grains.

**CATTLE**—Steady to 15c lower; liberal run.

**HOGS**—Steady to 10c lower; top \$15.10; lend-lease pork demand smaller.

**GRAIN MARKET NEWS SUMMARY**

**CHICAGO, Aug. 19.—(P)—**The heavy Allied attack on the French coast today helped touch off one of the strongest grain market rallies in weeks.

Wheat led the upturn, gaining as much as 2 cents a bushel at one stage, and other cereals pushed upward almost as far in some cases.

Buying to cover previous short sales accounted for much of the support, traders said, although some dealers also were understood to have reinstated lines sold out on the recent price retreat.

Wheat closed 1½-2 cents higher than yesterday, Sept. 1.18½-¾, Dec. 1.21½-¾; corn ¾-1c up; Sept. 83½-¾, Dec. 86¼-¾; oats 1¼-1½c higher; rye ¾-1c up; soybeans ¼-½c higher.

**GRAIN CLOSE**

**CHICAGO, Aug. 19.—(P)—**WHEAT: Dec. 1.21½-¾; May 1.25½-¾.

**CORN:** Dec. 86¼-¾; May 90½c.

**OATS:** Dec. 51½c; May 53½c.

**SOYBEANS:** Oct. 1.71½; Dec. 1.72½.

**RYE:** Dec. 67c; May 73c.

**TOLEDO GRAIN**

**TOLEDO, Aug. 19.—(P)—**Grain on track (nominal)—basis 27 cent rate New York.

A. P. CORRESPONDENT IS ONLY CASUALTY

Larry Allen Sprains Ankle During Bombardment

NEW YORK, Aug. 19. (AP)—Larry Allen, Associated Press correspondent with the British fleet in the Mediterranean, whose story of the naval bombardment of the Italian Dodecanese Islands appeared in newspapers Saturday, was the only casualty of the attack.

Allen, 1941 Pulitzer Prize winner for distinguished reporting in the war zone, said at the end of his account of the attack:

"Enroute back to port there were several reports that enemy aircraft were about, but they failed to catch up with the bombardment fleet. The only casualty of this shelling was myself. I stepped into an open hatchway in

a blackout and fell five feet before catching a handgrip on steel railing. I wound up with a badly sprained ankle, bruises and contusions."

# Rotarians Hear About and See Synthetic Rubber

## NO HOPE HELD FOR CIVILIANS IN WARTIME

Representatives of Rubber Company Say 'Ameripol' Chiefly for War

Probably no luncheon program which has been presented before the Rotary Club here for years has won more attention or developed more intense interest than that of Tuesday noon at the Country Club when two representatives of the B. F. Goodrich Co. talked on the rubber situation.

Before the eyes of those present one speaker produced from various ingredients a ball of synthetic rubber of the kind that in time probably will supplant, to a large extent, the crude rubber which has gone into the millions of motor car tires now rolling through the nation.

The two Goodrich Co. representatives were Don Farnham, sales supervisor from the Columbus office and P. V. Bender of the operating department of the company, from Cleveland. They first presented a short motion picture "Rubber For Defense" and then Bender gave a talk on the rubber situation which reached a climax when he took a few bottles of liquid and produced a small ball of synthetic rubber which bounced and appeared to possess the same properties as raw rubber. This product is named Ameripol.

Bender, who styled himself as an "optimistic pessimist" told his hearers of the grim reality in the seriousness of the rubber situation. He said he was "sincerely hoping that what we are facing will not be as bad as I am convinced it will be."

**No Hope For Civilians**  
The synthetic rubber known as Ameripol now being made by the Goodrich Co. in a comparatively small quantity is simply a product also being made under different names by the Firestone, U. S. and Goodyear companies. Bender explained that all the synthetic rubber which these companies can produce this year will be approximately 30,000 tons. A year later, he said, 300,000 tons can be produced and probably in 1944 about 800,000 tons can be made, but this entire supply will not be more than enough to supply the armed forces of the nation. The nation's stockpile is showing an alarming decrease, he said.

"For that reason," the speaker said, "I cannot offer any hope to the civilian population of the nation for any available rubber for civilian tires until the war is over. Our army, navy and air forces will require all the synthetic rubber which our combined plants in this country can produce for the next three years at least."

**Serviceable and Cheap**  
The synthetic rubber now being made here, Bender related, will probably be as serviceable, as cheap and of as long life as the crude rubber which this nation has been importing. Tires made from this synthetic rubber have been thoroughly tested and with reasonable care should be good for 25,000 to 35,000 miles. The synthetic rubber such as that known as Ameripol is produced from butadiene gas which is made from petroleum, some natural gas, air, soap and acetic acid. All these ingredients, he said, are available in almost unlimited quantities in this country.

Regarding the question of whether synthetic rubber made from alcohol produced from wheat was cheaper or more expensive than that made from petroleum, Bender asserted that there had not been enough rubber yet produced from wheat to be able to say which would be cheaper. He asserted, however, that the rubber was now being made by using petroleum, because manufacturers were better acquainted at this time with this process and because the petroleum, after being used and the needed by-product removed, could be again refined for the world's finest aviation gasoline. On the other hand, he explained, wheat used for syn-

## County Courts

### DIVORCE GRANTED

Alice Campbell to Glenn Gilmore, lot 231, Wash. Imp. Co. addition.

thetic rubber was destroyed "in the process. "Because of this," he stated, "I personally favor using petroleum for rubber, at this time, and sending our extra supply of wheat to China and the other nations which need it."

### No Process Preference

Bender called attention to the fact that neither the big tire companies nor the oil industry were interested in which process was used so long as something was done and done quickly to meet the urgent need for rubber. He said that Germany and Russia had been using synthetic rubber for three years but as yet Germany had not been able to produce a rubber which could make as successful a heavy duty truck tire as could be made from crude rubber.

In commenting on the vast use this country had made of rubber and our lack of alertness in preparing for a situation such as that we now face, Bender said: "We use more rubber than all the rest of the world. America's military and naval forces need rubber; our 29,000,000 automobiles need rubber; our 5,000,000 trucks need rubber; our factories, homes and hospitals need rubber. In 1940 the United States used 648,000 tons; in 1941 with the use of rubber in manufacturing restricted throughout the last half of the year, the United States used 766,000 tons. Without rubber we would be economically paralyzed in peace time... helplessly crippled in wartime, because planes, tanks, trucks, trailers, trains, ships and mechanized equipment of every type need rubber vitally. Without rubber we only could offer 1860 defense against 1942 attack."

### Insurance Ignored

"Blessed with the highest standard of living ever known to mankind, we have accumulated 29,000,000 cars and 5,000,000 trucks and established our normal ways of living on their use. But we had not provided for their operation with an unfailing domestic supply of the all important raw material, rubber. There was not one reason for this, but two. We believed that we could prevent anyone from interrupting the trade which in 1940 brought from the Far East to this country nearly 800,000 tons of natural rubber. Normally our imports from the Far East represent 97 percent of all the rubber that we use. But equally important was the fact that the United States was not sufficiently prepared to believe that synthetic rubber offered a practical alternative to natural rubber. In other words, we as a nation did not think that we should need insurance; and had not been fully convinced that such insurance existed, ready to be put into practice."

When asked by one of his listeners as to his opinion of the cause for the slowness in developing a synthetic rubber program in this country, Bender said that so far as he could learn his own personal opinion was that the trouble was one of "politics", congressional blocks opposing each other over the kind of material to be used in making the rubber and that there were doubtless other reasons. He also said that his company had been preaching the need for the development of a synthetic rubber program for three years and only recently was beginning to get results in the form of government backing for the idea.

"After the war," Bender said, "there will be little delay in swinging into full tire production again, but until that time America's rubber situation is grave and calls for realistic planning and prompt action. There must be conservation by tire users, sacrifices by everybody and 100 percent cooperation between the governments of the United Nations, their industries and their people."

On-the-job accidents in 1941 killed 18,000 workers.

## THE OLD HOME TOWN By STANLEY

## RAIL TESTING MACHINE HERE

Remarkable Equipment Can Detect Breaks That Are Invisible

For several days the B. and O. Railroad has had a rail and track testing car in operation on the Midland Division that is so delicately adjusted and so remarkably equipped that even a tiny break in a rail that would be invisible to the eye, is detected and a drop of paint left on the rail at the point where the flaw exists, so it can be given attention.

Not only does the equipment detect dangerous rails, but also records all unevenness of the rails and makes a complete record of every foot of the tracks. Traveling at about eight miles an hour, the equipment, which somewhat resembles a small street car, records the track's condition foot by foot, and eliminates dangers that could not be found in any other way.

## MAN SENTENCED TO WORKHOUSE

Harold Young Is Arrested On Successive Days For Offenses

When Harold Young, city, appeared before Judge S. A. Murry for the second time on successive days, he was given a fine of \$10 and costs and 30 days in the workhouse, and was to be removed to the Dayton workhouse Wednesday afternoon.

Young was fined \$10 and costs Tuesday, on a charge of being intoxicated, disorderly and resisting an officer. He asked to be released to work at a canning plant and was to pay the fine and costs within a short time.

However, police said, instead of going to work he became intoxicated, was arrested and placed in the city jail until Wednesday morning, when the workhouse sentence was imposed.

## HUGE MUSHROOM SEASON AT HAND

Fayette Champion Seeking Monster 'Puffballs' at Present

Mushroom hunters here say that this is the beginning of the season for the puffball type of mushrooms and meadow mushrooms.

The puffball mushrooms sometimes attain enormous size, and Sam Van Pelt of this city seems to be the champion hunter of this kind.

A number of years ago Van Pelt found a mushroom that weighed 68 pounds and measured 73 inches in circumference, as he recalls it.

Recently a resident near Columbus found one that weighed 43 pounds—or considerably under the weight of the one Van Pelt brought to light.

Ordinarily the "puffballs" usually found in open fields, are about the size of a baseball, and even the largest size make their full growth in remarkably short time.

## OUR FOOT TROUBLES ARE OVER AT LAST!

For weary years we searched for help for our hard-to-fit, "hopeless" feet. We had just about given up when our doctor told us about the revolutionary principle of personalized plastic fitting perfected by America's largest shoemakers in CONFORMAL Shoes. When we discovered how they are MOULDED to each different foot we realized that here at last was something different... and when we felt that difference on our feet we knew it was the answer to our prayers. Why don't you try them too?

1. Electric device temporarily liquefies plastic sealed in the innersole, then...

2. Weight at ball and heel forces it UP under arches, forms personalized support!

## SUGAR COUPONS 6 AND 7 VOID AFTER SATURDAY

Next Coupon Is Good for Five Pounds Up To October 31

Holders of sugar rationing cards must use No. 6 and No. 7 coupons not later than August 22 or they are void. Tolen E. Brown, senior clerk of the Rationing Board in Fayette County, reminded Wednesday.

At the same time he called attention to the ruling that coupon No. 8 is good for five pounds of sugar, any time from August 23 to October 31.

In this way the bonus of sugar will permit disposal of large quantities of five pound bags of

sugar on the shelves of dealers, it is pointed out. The Rationing Board staff and numerous volunteers have been kept busy issuing certificates for canning sugar, and part of the time the number of applicants has been so heavy that all seating places about the offices has been taken, and all helpers have been kept busy for hours at a time.

The women who have volunteered to assist in the work have rendered a notable service to the public in the war rationing of sugar. Brown points out in speaking of the good work done by both office employees and volunteer women.

At the present time there is no limit placed on applying for sugar for canning during the fall months.

### ANOTHER INVOLVED

GREENFIELD — Carl Draipsa, 18, and Parrell D. Davis, 18, of near Bainbridge, have confessed stealing tires from farm trailers. The two youths involved James Bobb, 18, Bainbridge, in the theft, and he was taken into custody for questioning.

## FORCE IS REDUCED, SALARIES RAISED

Relief Office Now Operated at \$50 Less Monthly

The salary of Howard H. Lloyd, Fayette County relief director, has been raised from \$100 to \$130 per month and the salary of Mrs. Lucille Leach has been increased from \$60 to \$80 per month due to additional duties as result of one less employee in the office.

Formerly there were three employees, and under the new arrangement, the office is being operated at \$50 per month less than when the three were employed. The former salaries reached \$260 per month and the present \$210 per month.

### TEACHERS NEEDED

HILLSBORO — Nine high school teachers and three elementary teachers are needed in the Highland County schools.
